OBJECTIVE

I am a passionate individual about the arts. Technology and communication are an art to me that expresses the creator's divine intentions. I am always motivated and optimistic about everything that I do. I am constantly testing my limits so that I can improve myself where I fall short. I believe that for every decision you make in life courage is key. I have gained minor and major achievements in the art sector.

EXPERIENCE

Career Center Ambassador | Varsity College

MARCH 2022 –OCTOBER 2022

Problem-Solving, Interpersonal Communication, Organization, Motivation, and Teamwork. Whilst being in the career center I have further increased my skills when it comes to communication, problem-solving, and understanding because we host career-related events, and we also partake in open days which means we meet a lot of people and that also helps boost confidence.

BCA1 Class Representative | Varsity College

MARCH 2022 –DECEMBER 2022

Interpersonal Communications, Problem Solving, leadership, Organization, Teamwork, Leadership, Motivation, and the medium between student and lecturer.

XACT ERP Solutions (Pty) Ltd | Varsity College

DECEMBER 2022 –DECEMBER 2022

I went to exact for Developers week. Where they teach you about what it's like to be a full-time developer. I went with 3 other students from the first year but from a different campus. I enjoyed it. I learned so much about the field that I chose to study and about problem-solving techniques. I learned new sales skills that I didn't even realize I would need in my field of study. I had to do a sales pitch and teach the buyer (the developers that were coaching us) about the software they requested.

Microsoft Learn Student Ambassador | Varsity College

JANUARY 2023 –CURRENT

My role as an ambassador is to spread the word about the new age of technology to everyone. Also, to aid when needed in hosting events and learning new topics to teach my peers.

Student head of the Career Center | Varsity College

FEBRUARY 2023 –CURRENT

I assist the career center coordinator of my campus with leading the team and communicating with the heads of schools on any career-based events. I also assist with teaching others about our platform and what needs to be done when applying for a job.

BCA2 Class Representative | Varsity College

MARCH 2023 –CURRENT

I was selected to be the class representative by my group for the second year due to my dedication to the job and working extra hard to ensure that everyone has been heard and understands what is being taught in the lectures. I am always the voice of my class to ensure that we all succeed in our journey to our careers.

SKILLS

- Languages (English and isiZulu. Beginner Turkish)
- Writing Skills
- Organization
- Motivation Speaker
- Leadership
- Problem-Solving
- Interpersonal Communication
- Leadership
- Time Management
- Conflict Management
- Attention to Detail
- Problem Solving
- Active Listening

ACTIVITIES

I was tasked with the responsibility to help motivate the new learners of Star College and even at times the returning students. I had to assist them with words of encouragement and had to provide them with information on what they needed to do in the upcoming 4-5 years of high school to ensure they reach their highest potential.

At my church, I assist with the setup of microphones and with the live broadcast on Facebook of the service. I am also a member of the choir and I volunteer to read the scriptures to boost youth engagement in the church. My family and I assist with food donations that need to be delivered to the church. As of August 2023, also assist in leading teen church as the teacher and leader of the group as it has recently been revived.

As of 18 January 2023, I am the student ambassador of Microsoft Learn. I help spread the word on Microsoft and I also host events based on the given topics. I participate in Inspire SA which is an organization that intends on spreading the word about the world of I.T.
